TECHNICAL SKILLS

- HTML5
- CSS3
- SASS/SCSS
- TailwindCSS
- JavaScript
- NodeJS
- ReactJS
- TypeScript
- Git

SOFT SKILLS

- Communication
- Empathy
- Self-Awareness
- Open-Mindedness
- Patience
- Critical Thinking
- Collaboration
- Adaptability

INTERESTS

- Linux
- System Administration
- Chess
- Cooking

TRAINING

- The Odin Project: Fundamentals.
- Mozilla Developer Network: HTML & CSS Full-Path.
- Mozilla Developer Network: JavaScript.
- TypeScript official Handbook.
- React official documentation.
- SCSS & TailwindCSS official documentation.
- Coded 15+ Frontend Mentor solutions.

PROJECTS

- Designed and coded a personal portfolio app with Vite, React, TypeScript, CSS, Framer Motion and other libraries.
- Designed and coded a personal dashboard / bookmark manager app with SSO Auth by using HTML, SCSS, JQuery and SQLite.
- Coded several pixel-perfect landing pages based on Figma files and full size screenshots by using HTML, CSS, JavaScript, React, TailwindCSS and SCSS.
- Coded algorithmic, state-managing games with HTML, CSS and JavaScript.
- Coded several apps that fetch remote APIs and display the data on the screen by updating the content of the page dynamically.

COLLABORATIONS

- Deployed an instance of AWS where MongoDB, Nginx and NodeJS conform the back-end of a Web Service for a CDN cluster. Currently OOS.
- Worked with engineers from Cisco and Red Hat to deploy headless instances for KVM, VMware ESXi Hypervisors and bulk WLAN Networks simulation.
- Along with Cisco and Oracle engineers we designed, orchestrated and automated FTP Networks on an Oracle server to use for DBMS.

KEY SKILLS

- Web Development
- Responsive Design
- Version Control
- Testing and Debugging
- Cross-Browser Development
- CSS Animations
- Content Organization
- Problem-solving
- Teamwork
- Agile Methodology
